Q: Why are you running for the Charter Revision Commission?

A: I am running for Charter Revision Commission because several community members asked me to run to be a voice of the community.

Q: What provisions are the most important to preserve or change in the current Charter of the City of Detroit?

A: I think the charter is okay currently, but would want to hear from the community.

Q: Are you familiar with provisions in the Charter related to the environment? What would you seek to change or preserve?

A: I am not familiar with the provisions related to the environment but again would like to get feedback from the community.

Q: How should the Charter Revision Commission engage the community in the revision process?

A: I would propose having meetings throughout the City to hear from the community.
